OCT

9-10, 2014

ST. WOLFGANG
AUSTRIA

2 DAYS . 12 TOP SPEAKERS
ONE NIGHT TO REMEMBER

E Digital technologies, e.g. intraoral scanners, are making their way into the dental office. Is it already advisable to invest in the new technologies? Or is it better to wait and see how the devices will develop? Find out at this congress: renowned international speakers will present scientific and practical perspectives regarding the implementation and use of intraoral scanners, innovative CAD/CAM materials and much more.

D Digitale Technologien, z. B. Intraoral-Scanner, bahnen sich unaufhaltsam ihren Weg in die Zahnarztpraxen. Stehen Sie gerade vor der Entscheidung, ob Sie in diese neuen Technologien investieren sollten? Oder sollten Sie besser die weitere Entwicklung der Geräte abwarten? Erfahren Sie mehr bei diesem Kongress: namhafte internationale Referenten präsentieren wissenschaftliche und praktische Perspektiven bezüglich der Integration und des Einsatzes von intraoralen Scannern, innovative CAD/CAM-Materialien und vielem mehr.

I Le tecnologie digitali, ad esempio gli scanner intraorali, si stanno ampiamente affermando negli studi dentistici. È già consigliabile investire in queste nuove tecnologie? O è meglio aspettare e vedere come i dispositivi si svilupperanno? Scopri ciò che vale la pena sapere in questo congresso: rinomati relatori internazionali presenteranno prospettive scientifiche e pratiche riguardanti l'implementazione e l'utilizzo di scanner intraorali, materiali innovativi CAD/CAM e molto altro.

F Les technologies numériques, telles que les scanners intra-oraux, font leur chemin dans le cabinet dentaire. Faut-il investir dès aujourd'hui dans les nouvelles technologies ? Ou est-il préférable d'attendre pour voir comment évolueront les dispositifs ? Vous trouverez les réponses à ces questions lors de ce congrès : des conférenciers internationaux de renom présenteront leurs points de vue scientifiques et pratiques sur la mise en œuvre et l'utilisation des scanners intra-oraux, les matériaux pour CFAO innovants et bien plus encore.

ENJOY YOUR
DIGITAL JOURNEY!
