

# Membranen

Firma	Produkt	Herkunft								Resorbierbarkeit				Fixierung			Einsatzbereich								
		synthetisch	allogen	Titan	bovin	porcin	equin	ePTFE, ePTFE*	zelluläre Dermis	resorbierbar	nicht resorbierbar	Phos	Naht	Fibrinkleber	Schrauben	Tags	nicht erforderlich	Implantologie	Parodontologie	Sinusbodenheilverfahren	Defektschirurgie	GBR	GTR	totale Atrophie der Maxilla	
ACTEON Germany	PAROGUIDE																								
American Dental Systems	Evolution Standard																								
	Evolution Fine																								
	Evolution X-Fine																								
	Derma (Weichgewebsverdickung)																								
	Soft Cortical Lamina (Barrier)																								
	Resorb X®																								
	SonicWeld Rx® Dental																								
Argon Dental	OsteoGraft® Fascia Lata																								
	OsteoGraft® Epiflex																								
	OsteoGraft CortiFlex																								
	OsteoGel® Hyaluron																								
	OsteoBarrier Gel® Hyaluron Barrier																								
BEGO Implant Systems	BEGO Collagen Membrane																								
	BEGO Collagen Fleece																								
Bicon	Bicon Kollagenmembran																								
BioHorizons (CAMLOG Dtl.)	Mem-Lok® Kollagenmembran																								
	Mem-Lok® Pliable Kollagenmembran																								
Bioimplon	Hypro-Sorb® F																								
	Hypro-Sorb® M																								
	Hypro-Sorb® M Matrix																								
	Hypro-Sorb® R Fleece																								
	Hypro-Sorb® X Conus																								
	Hypro-Sorb® Z Conus																								
Champions-Implants	Cova™ Max																								
curasan	Osgide®																								
	Ti Titanfolie 40 µm																								
	Ti Titanfolie 20 µm																								
	Epi-Guide®																								
	CollaGuide®																								
Dentaurum Implants	TIOMESH®																								
Dentegris Deutschland	BoneProtect Membrane																								
	BoneProtect Guide																								
	MucoMatrixX																								
Dentsply Sirona Implants	Symbios® Collagen Membrane SR																								
	Symbios® Hydratisierte Kollagenmembran																								
DOT	Hypro-Sorb® F																								
Dr. Ihde Dental	Hypro-Sorb® F																								
Gebr. Martin/KLS Martin	Resorb X®																								
	SonicWeld Rx® Dental																								
Geistlich Biomaterials	Geistlich Bio-Gide®																								
	Geistlich Bio-Gide® Perio																								
	Geistlich Bio-Gide® Shape																								
	Geistlich Bio-Gide® Compressed																								
Hager & Meisinger	Cytoplast™ RTM Collagen																								
	Cytoplast™ TXT-200																								
	Cytoplast™ Titanium-Reinforced																								
	Vitala®																								
Henry Schein	conFORM																								
	RCM 6
