CINEMA LUX: Galleria San Federico, 33 - 10123 Turin

Esthetic “Truffles” The gold Standard in 2013

For ESCD's 10th International Anniversary Congress we have chosen Italy and considered Turin, the royal town par excellence, to be the natural place to celebrate this important goal. The LUX Cinema inside the San Federico arcade is a very prestigious location, next to the cities' vibrant centre, Piazza San Carlo.

The outstanding quality of the equipment for the video projection and the movie size screens guarantees our speakers will be able to truly demonstrate the great aesthetic value of their work.

This year the congress is aimed at the whole practice team; dentists, dental technicians, dental hygienists and all other team members, who will enjoy listening to speakers of international prestige.

For participants from all over the world Turin guarantees a unique historical and cultural experience. Piedmontese and Savoyard cuisine with the white truffle, the prestigious wines, the many shops and historical cafés and last but not least the famous Turin movida in Piazza Vittorio.

The jovial atmosphere of friendship and camaraderie which typifies ESCD events makes our congress the annual event that no one fond of aesthetic dentistry would want to miss!

ESCD President Luca Dalloca and all the ESCD board would like to welcome you and wish you an unforgettable congress.
