WELCOME TO
BARCELONA!
Dear Friends,

We are honored to invite you to the 3rd MIS Global Conference: 360° IMPLANTOLOGY, May 26-29, 2016 in Barcelona, Spain. MIS Global Conferences are an experience like no other and this year promises to deliver truly outstanding opportunities for professional and personal development; networking with new and familiar friends, colleagues, and dental industry leaders.

The conference has been carefully designed to expand knowledge and introduce real innovation under the title: "VCONCEPT: SET THE VOLUME OF BONE & SOFT TISSUE", and will include lectures, clinical case presentations and hands-on workshops. Best of all, the conference will take place in sunny Barcelona; a city legendary for its beauty, art, culture and entertainment plus many more surprises you won't want to miss.

We look forward to meeting you in Barcelona!

Idan Kleifeld
CEO
Schedule

**May 26th**
- Arrival in Barcelona
- Sports activity

Call for Clinical Cases

MIS is pleased to announce a clinical case / technique presentation opportunity for young clinicians (main author should be under 40 years of age), focusing on:

Challenging Situations in Implantology

Young clinicians will present their cases as part of a clinical case competition; the top ranked cases will be presented in this session. The best cases presentations will be awarded as follows:

First Prize winner will be invited to a course with Dr. Eric Van Dooren, including flight and accommodation,

Second Prize winner will be invited to a course with Prof. Stefen Koupi, including flight and accommodation,

Third Prize winner will be invited to a course at MIS Headquarters, including flight and accommodation, or will be granted with MIS products, valued at $1,000.

All cases will be reviewed and pre-approved by the conference scientific committee.

An abstract should be submitted by February 15th, 2016.

Please note that all cases must be presented in English.

For further information and applications please contact:
Call for Poster Presentation

We are pleased to announce a poster presentation opportunity. You are welcome to present clinical cases and/or research studies using MIS conical connection implants (C1/V3) and/or MGUIDE/CAD-CAM, in accordance with the conference’s main theme - the VCONCEPT.

The posters will be presented at Centre de Conventions Internacional de Barcelona (CCIB), the conference venue, in a designated hall.

Looking forward to hearing from you!

- The posters will be reviewed and pre-approved by the scientific committee.
- An abstract should be submitted by January 15th, 2015. (Up to one page in Arial 12-point font size)
- Please note that all materials must be presented in English.

Ms. Michal Malka, MIS R&D coordinator, Phone: +972 4 9016 746, e-mail: michal@mris-implants.com
Accommodations

For your convenience, MIS has allocated a selection of 5 Star and 4 Star hotels to enable you a perfect choice.

Hotel rooms are offered at special rates for MIS Global Conference guests.

Extended vacations: Allocated hotels will allow an extended vacation at the same rates. Subject to availability of rooms upon reservation.
Sports Activity

Traditionally MIS will offer sports activity for limited number of participants.

The event will take place on May 26th early morning, and will require registration and an additional fee.

More information will be published soon.
Transportation

Complimentary transportation will be available as follows:

Arrival, May 26: MIS will be waiting for you at the Barcelona airport, and a shuttle service will be provided from the airport to MIS allocated hotels according to a predetermined schedule.

Welcome Cocktail Party: Shuttles will be provided from MIS allocated hotels to/from the venue.

Conference Days: Shuttles will be provided from MIS allocated hotels to/from the CCIB in the morning and afternoon (for hotels that are not located near the CCIB).

Closing Party: Shuttles from MIS allocated hotels to/from the Opium club, according to a predetermined schedule (for hotels that are not located near the club).

Departure, May 29: Shuttles from MIS allocated hotels to the airport according to a predetermined schedule.
